

## VIN DE FRANCE —

*Chardonnay*

By the label, we could expect a “simple” Chardonnay...but on the contrary, what a Chardonnay it is!

Its delicate golden yellow coloring with silver reflections, divulges its youth. But we are immediately charmed by its nice density and numerous tears visible on the sides of the glass, disclosing its magnificent quality.

This wine’s nose reveals its young vintage with soft citrus aromas like clementines, kumquat, or even white fruits such as barely ripe and juicy nectarines. But it would not be a Chardonnay without its telling notes of white flowers such as acacia and honeysuckle, delicately highlighted by gourmet notes of patisseries such as raisin bread and brioche. On the palate, this vintage has a remarkable smoothness, with a certain opulence and salinity. Its citrus aromas bring a nice freshness, blending with light bitters that accentuate the salivating sensation of sea salt. A beautiful persistence encourages us to age this wine between 5 and 7 years.
